Hi Mark,

Thanks for getting back. I don't really know how to say this, but I learned recently that Jed sold Mt. Gox, and I have some concerns. We had an equity split deal on the site, and I had contributed some key concepts, and also some code, which may or may not have been used.

This is kind of an uncomfortable letter to write, but I'm curious if the site ownership actually was transferred, and if Jed mentioned me during any sale proceedings.

Best,

Peter
